

CURVED WALL

CURVED FABRIC WALL

– make curved wall

Build a curved freestanding wall for your fabric. The 43TX profile can accept fabric to both faces. For extra stability add stabilising steel base plates. The 43TX can be rolled to a minimum radius of 1000mm.

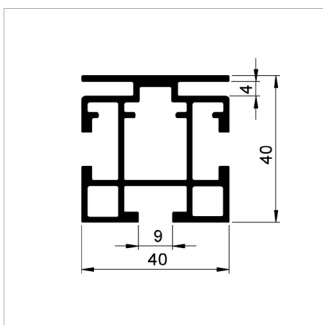

KEY FACTS:

Curved fabric frame in natural anodised aluminium profile 43TX

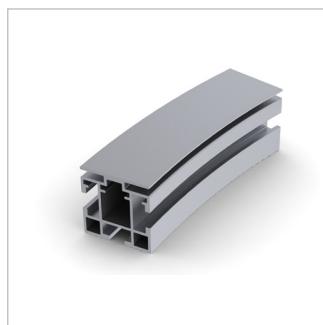

Minimum radius 1000mm

Recommended media: Stretch fabric

Art No	Description	Size
