# EXXSTAND MAGNETICS

– a smart solution that will present your message

Exxstand Magnetics is a smart, attractive and double sided display solution for shops, lobbies and other communities. The frame is made in aluminium which gives it a modern and exclusive look.

The magnetic tape on the picture attaches easily to the steel tape on the aluminium frame. Changing the picture will be done very quickly.

You can select brochure rack as an accessory. Every effort to ensure a good venue for your customers.

We will customize your display to your own dimensions. Please contact us for more information.

**FACTS:**

Frame in aluminium, profile 91B. Delivered unassembled. Magnetic tape to the picture is not included.
